

Dear Federal Employees:

The **Combined Federal Campaign** is a once-a-year opportunity to give generously to the many worthwhile health and human services agencies here in Ventura County, across the nation and the world. Last year, federal employees donated more than \$634,000 to thousands of charities. Those who benefited include our friends, neighbors, and co-workers.

What Makes America Great is our theme for this year's campaign. Many images come to mind, but the bottom line is that it is you and I that make this country great. We make America great by our constant pursuit to improve our lives and the lives of those around us.

As in my life, I am sure there have been many opportunities, dreams, and successes in your life. But there are people in our community who have not been so fortunate. You and I can make a difference in their lives. We can do this through generous contributions to the Combined Federal Campaign. It's one way of making America great...and giving the less fortunate of our community their opportunity to succeed.

I believe we must strive to achieve 100% participation in this year's campaign. I know you will help reach that goal with a donation, large or small. Thank you.

Please feel free to keep this guide as a resource for personal use throughout the year.

COMBINED FEDERAL CAMPAIGN

How To Use This Donor Resource Guide

Keep this book handy throughout the year to help you find health and human service providers locally, nationally, and internationally. If someone you know has just found out that he/she has cancer, if you're looking for affordable childcare, if you want to volunteer — look through your Donor Resource Guide and you'll probably find just the agency that can help you.

Each participating agency has provided:

- 1) A brief statement describing its services and programs;
- 2) The percentage of the agency's total support and revenue that goes to administration and fundraising expenses; and
- 3) A telephone number;
- 4) A web address (if available);
- 5) An Employer Identification Number (EIN#).

Agencies that have administrative and fundraising expenses above 25% are marked in the Donor Resource Guide with an asterisk and are taking the necessary steps to bring these expenses below the 25% level.

If you would like more information about the finances, services, benefits or programs an agency provides, call the agency directly at the telephone number provided in the Donor Resource Guide or visit their home page, if available.

The CFC: Its Story and Mission

The mission of the Combined Federal Campaign (CFC) is to support and to promote philanthropy through a program that is employee-focused, cost-efficient and effective in providing all Federal employees the opportunity to improve the quality of life for all.

Its tradition of commitment to the community through the selfless efforts of Federal employees, has its roots in the many charitable campaigns of the early 1960's. Seeing a need to bring the diversity of fundraising efforts under one umbrella, Federal employees created the CFC—one campaign, once a year. By allowing employees to select the organizations of their choice from a single brochure and to make their contributions through payroll deductions, the CFC opened wide the door to more opportunities for generous giving to literally hundreds of worthy causes. An Executive Order made the CFC a reality, and turned an innovative idea into a uniquely effective way for Federal employees to help those in need across our community and throughout the world. *The CFC is the only authorized solicitation of employees in the Federal workplace on behalf of charitable organizations.* It continues to be the largest and most successful workplace fundraising model in the world.

Visit the CFC Home Page. For information about the CFC, visit the CFC Home Page at www.opm.gov/cfc.

You Accomplish So Much With Your CFC Gift

This year, many local, national, and international voluntary agencies will benefit from your thoughtfulness and generosity. A few minutes of your time today can mean meals for hungry children, relief for families in need of counseling, further work on cures for diseases, comfort for the dying, access to water in the Third World, environmental protection, and better lives and renewed hope for millions of people in our global community.

Payroll Deduction Lets You Help All Year Long

Payroll deduction makes it convenient for you to give by letting you spread your contribution across the entire year. Last year, more than 91% of all CFC funds raised were given through payroll deduction. Payroll deduction pledges begin on the first pay period in January and end in November. Because there is no simpler way for you to make good things happen for so many people, payroll deduction helps you care for your community and your world.

You Control Where Your Gift Will Go

All Federal employees have the right to contribute or not to contribute to the CFC. The choice is yours. Through your designation, you ensure that your donation goes to meet those needs that you feel are most important. You

may designate to the organizations of your choice where indicated on your pledge card. Additional designations must be completed on a second pledge card. Except for documented expenses for the operation of the local CFCs and uncollected pledges due to employee termination, transfer or stopping of pledge, etc., all contributions are distributed as designated. Every local campaign has a Local Federal Coordinating Committee, comprised of Federal employees, which must approve and monitor campaign expenses.

Please do not designate to an organization that is not listed in this brochure. Adding organizations not listed, or "write-ins", is prohibited and donations to such organizations cannot be accepted. If you prefer, you may donate to the CFC anonymously by placing your confidential gift in a sealed envelope. All funds contributed to the CFC that are not designated to a specific organization or federation will be distributed to all organizations listed in the CFC brochure in the same proportion as the contributions designated to them.

The Local Federal Coordinating Committee (LFCC) is Your "Board of Directors"

The Local Federal Coordinating Committee (LFCC) approved local and statewide charities that help residents in this area or in adjacent counties as having met the eligibility standards established by the CFC regulations. The LFCC is composed of Federal employees and representatives of labor unions with Federal employees as members. Decisions regarding the inclusion of charities in your local campaigns are made by the LFCC. LFCCs are also responsible for the oversight of your local CFC in conformance with the CFC regulations and policies established by OPM. How do Charities Qualify for Listing in the CFC Brochure?

How do Charities Qualify for Listing in the CFC Brochure?

All charities listed applied for participation in the CFC either at the national or local level. Charities with documented programs in at least fifteen states or a foreign country applied directly to the Office of Personnel Management. Only those agencies certified by OPM are listed in this brochure in the "National/International Organizations" and the "International Organizations" sections.

Local charities that help residents in this area or in adjacent counties applied directly to the Local Federal Coordinating Committee (LFCC). The local charities listed under the heading "Local Organizations" have met OPM requirements for local eligibility.

The Principal Combined Fund Organization (PCFO) Manages the CFC

Every year, the LFCC selects one of the voluntary organizations involved in the CFC to manage the campaign and serve as fiscal agent. OPM sets strict requirements for this role. Annual audits are required of the PCFO by an independent CPA.

A Proud Record of Low Fundraising Costs

Through the outstanding oversight efforts of the Federal employees on each LFCC, approximately 8.5% of the funds raised nationwide are spent on printing materials, training volunteers, and auditing contributions.

Because this cost is so low compared with other fundraising campaigns, every dollar you pledge goes a very long way toward helping others.

Contributions (less uncollected pledges and approved administrative costs) are distributed to each charity at regular intervals by the Principal Combined Fund Organization in accordance with CFC regulations.

OPM Provides CFC Oversight

OPM has the overall responsibility for the management of the CFC. It reviews and provides guidance and technical advice on regulations, and has the authority to conduct compliance audits on any CFC local campaign fiscal records.

If you would like more information about the finances, services, benefits or programs an organization provides, you may call the organization directly at the telephone number provided in the organization's listing or visit their

COMBINED FEDERAL CAMPAIGN

homepage, if available. Interested donors may also obtain information about a charity's finances and compliance with charitable organization standards of accountability by contacting the following watchdog organization: Better Business Bureau's-Wise Giving Alliance (www.give.org). For general information about trends in giving and volunteering or data on the nonprofit sector, donors may contact: Independent Sector (www.independentsector.org), the National Center for Charitable Statistics (www.nccs.urban.org), or the American Association of Fundraising Counsel (www.aafc.org).

The Voluntary Spirit of Giving is Guaranteed

Remember, any contribution you make should be freely given. You have the right not to be improperly influenced in making your decision regarding the making or withholding of contributions in the CFC. Coercion is forbidden.

In order to guarantee this voluntary spirit, the Office of Personnel Management has identified several practices that are not permitted, including but not limited to: supervisory solicitation of employees supervised; setting of 100% participation goals; providing and using contributor lists for purposes other than the routine collection and forwarding of contributions and installment pledges; establishing personal dollar goals and quotas; developing and using lists of non-contributors.

Civilian employees who wish to register complaints about coercion should consult with their personnel offices; military personnel should consult with their commanding officers.

Special Notice Regarding Donations of \$250 or More

A Federal employee who makes a one-time (cash, check, or money order) contribution of \$250 or more and those who make a payroll deduction contribution of \$250 or more *per pay period* to a single organization in the CFC should consult a tax adviser to determine if additional verification of the donation is required by the Internal Revenue Service (IRS). Such verification can be obtained by contacting the local Principal Combined Fund Organization (PCFO).

How Do Federal Employees Decide Which Charities To List In The Donor Resource Guide?

Charities applied either at the national or local level. Charities with documented programs in fifteen states or a foreign country or several parts of a foreign country applied directly to OPM. Only those agencies certified by OPM are listed in this Donor Resource Guide in the "National/International Organizations" and the "International Organizations" sections.

Local charities that help residents in Ventura County or adjacent counties (Los Angeles or Santa Barbara) applied to the LFCC. The local charities listed under the heading "Local Agencies" have met OPM requirements for local eligibility.

Contributions, less the LFCC approved administrative fee, are remitted at regular intervals by the Principal Combined Fund Organization in accordance with CFC regulations.

Contact Tara Connolly, CFC Manager, at (805) 485-6263, if you would like your favorite non-profit to receive an application for participation in the 2003-2004 campaign. The 30-day application period occurs in the early Spring. All participating agencies must provide the following information as part of their application:

- Proof of 501(c)(3) (not-for-profit) status with the Internal Revenue Service
- Most recent annual audit of the financial records if the annual revenue is \$100,000 or more
- IRS form 990 (audit and 990 to cover same fiscal period)
- Certification of "local presence" (for local agencies) in Ventura County or in a contiguous CFC area (Los Angeles or Santa Barbara) or statewide presence
- Certification that the non-profit provides a human health and welfare benefit
- Annual Report

Questions & Answers

1. I can't afford to give.

Admittedly, everyone is concerned about being able to support themselves, especially in economic downturns that have lasted a long time. But this is the time to ensure that as a community we continue to have a safety net of services for people who need them. Without your support, those services won't be available. When you give through CFC, you support a network of services dedicated to making sure that people are not forgotten. You are giving people like yourself a helping hand to get them through the tough time so they can support themselves. Just as you are there to help others, through CFC, others will continue to be there to help you. Look through your Donor Resource Guide and call the agencies that are funded by CFC donations to help you get the services you need. If you are not sure which agency can help you the best, call CFC headquarters at (805) 485-6263 to point you in the right direction.

2. I don't have any spare cash.

Few of us could enjoy the house, cars or appliances we have if we had to pay cash for them. A year-round pledge is a more convenient manner of contributing to year-round services. Payroll deduction is the simplest way to make this charitable contribution in installments over a period of time.

3. My neighbor was not helped by a CFC Agency. Why should I contribute?

When you give money, it is important to feel assured that people are getting the help that they need. Often when people cannot get help from an agency, it's because limited funds produce long waiting lines or an agency doesn't offer the service needed. In those cases, the agency will try to refer the person to an appropriate service source. Unfortunately, sometimes there simply isn't an immediate source to help everyone in need. Because agencies decide independently how best to serve the various people who apply to them for aid, there may be instances where people needing services don't get them. CFC does not control how these decisions are made. All of the agencies do the best job possible in making decisions. If your neighbor still needs help, look through the Donor Resource Guide to see if there are other agencies that might also provide the help needed or call CFC headquarters at (800) 485-6263.

4. Agency administrative costs are too high.

CFC regulations require that participating agencies keep their administrative and fundraising costs below 25%, unless there are extenuating, justifiable circumstances. This assures that the maximum possible funding goes directly to the programs that serve the people. If you're concerned about a high overhead for a particular agency, call them — that's why every agency has a phone number listed. For example, many agencies that provide counseling or medical services charge their clients a nominal amount yet have a high overhead to pay for the services of qualified physicians and counselors and for adequate equipment.

5. Why should I contribute to the CFC when I don't use the services of any of the recipient agencies?

Actually, you've probably had contact with at least one CFC agency. From swimming lessons at the "Y" to Red Cross CPR and First Aid Classes, from cheering on the U.S. Olympic Team to shopping at Goodwill retail stores, almost all of our lives have been touched by these worthy agencies. Your coworker may have received job training literacy skills from a CFC agency, or a neighbor may have benefited from a health agency's "stop smoking" class. Even if we have no direct involvement with a CFC agency, each of us benefits from living in a community that provides so many services for all who want or need them. Finally, experience and recent events teach us that we may each be just one misfortune away from needing the help of a CFC agency.

INTRODUCTION

This is the official Combined Federal Campaign (CFC) brochure. Charitable organizations appearing in this brochure have complied with regulations governing their participation in the CFC. The brochure consists of a National/International List of organizations, approved by the Office of Personnel Management (OPM) and a Local List of organizations, approved by the Local Federal Coordinating Committee (LFCC). Charitable organizations and federations eligible for the National List have elected to appear either in the National/International section or in the International section based on the scope of their programs. Each organization entry includes the following information: organization's name; statement of purpose; phone number; website address; legal name of the organization (if other than the name they use to do business); the employer identification number ("EIN"); and, the percentage of fundraising and administrative costs as a percentage of total revenue. The EIN# has been added to provide donors another point of reference if you wish to obtain information about an organization's finances from the IRS. Please note that some organizations may be covered under an umbrella organization's tax exemption status and may not list the EIN. Religious organizations are exempt from the requirement of having an EIN.

Types of Organizations Listed

A federation is a group of voluntary charitable human health and welfare organizations established for purposes of supplying common fundraising, administrative, and management services to its members. Each federation is listed with its accompanying members. If you wish to designate all or some portion of your contribution to a federation, please record that federation's

corresponding code number on your pledge card. Contributions designated to a federation will be shared with their member organizations in accordance with the federation's policy. If you wish to designate all or some portion of your contribution to a federation member organization, please record that organization's corresponding code number on your pledge card. Charitable organizations participating in the CFC as members of a federation may pay a percentage of the donations received or a fee to that federation as a service charge. For additional information on whether a charitable organization pays such a fee and/or percentage of donations, you may wish to contact the charitable organizations directly.

An **unaffiliated organization** is not affiliated with a federation (unaffiliated organizations). If you wish to designate all or some portion of your contribution to an unaffiliated organization, please record that organization's corresponding code number on your pledge card.

International General Designation Option

If you wish your contribution to be distributed proportionately to all international organizations that received designated gifts, you may do so by recording the code letters **IIII** on your pledge card.

Undesignated Funds

Even if you choose not to designate to a specific agency or federation, your contribution will still be accepted. Funds contributed to the CFC, but not designated to a specific organization or federation, will be distributed to all organizations in the CFC brochure in the same proportion as they received in designations. Organizations that do not receive designated dollars *cannot* receive any donations.
